## PROFILE

Second-year Computer Science student of a computer science Bachelor's Degree of Technology at the University in Annecy, specializing in software engineering and application design. I seek to apply my skills in software architecture (UML/Merise) and development during an internship while contributing to innovative projects.

## WORK EXPERIENCE

**Web Development School Project** 09/2025 - 03/2026  
University of Savoy / IUT Annecy – Annecy-le-Vieux, France

- Collaborated in a 4-member team to build a Laravel-based website.
- Tasks involved MERISE and BPMN diagram creation, cryptography, legal compliance, site communication, and POWER BI graphics.
- Acquired teamwork skills using Scrum methodology.

**Jean Lain Occasions** 04/2025 - 05/2025  
Vehicle Preparation - 500 employees - Chambéry

- Performed complete aesthetic preparation (interior/exterior cleaning, polishing) of vehicles before delivery.
- Conducted final quality control checks to ensure vehicle compliance with dealership standards and customer expectations.
- Verified essential safety checkpoints (fluid levels, tire pressure) to ensure safety and reliability.
- Managed the fleet of vehicles ready for delivery and adhered to the schedule to guarantee customer satisfaction.

## EDUCATION

**BUT Informatique** 2024-Currently  
Technical Bachelor's Degree in computer science  
University of Savoy / IUT Annecy, France

**French Baccalaureate** 2021-2024  
High School diploma specialized in science technologie of laboratory  
Lycée du granier High School - La Ravoire, France
